

## **What Your Scout Needs For Summer Camp (Deitler)**

Since each Scout will be at camp for six days and six nights, it is extremely important that they pack their clothes to stay clean and dry. Weather can change quickly, so Be Prepared. Afternoon rain showers and thunderstorms are common and do not stop the program. Campers at Camp Dietler should bring their personal equipment in a bag or pack that they are able to carry for some distance. Footlockers are not recommended.
